## **This is Fiddlers Lane Community Primary School and Publication Scheme on information available under the Freedom of Information Act 2000**

*The governing body is responsible for maintenance of this scheme.*

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

The school's mission statement:

*At Fiddlers Lane Community Primary School we want every child to achieve their full potential, and have clear aspirations for their future.*

*We do this by having high expectations of work and behaviour, and by valuing the whole child, celebrating diversity. We believe in providing a varied curriculum to make learning fun, including the use of ICT, and giving children first hand experiences. We involve the children in their learning and encourage them to pursue healthy lifestyles, and encourage families to learn together with us.*

*We work together to create a friendly and caring environment where every child has a love of learning, and attends school every day. As part of the community we welcome visitors to school and enjoy taking advantage of all that our community has to offer.*

and this publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as ‘classes’. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- *School Prospectus* – information published in the school prospectus.
- *Information relating to the governing body* – information in governing body documents.
- *Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.
- *School Policies and other information related to the school* - information about policies that relate to the school in general.
